## Introduction

**Singapore** has a prosperous, market-based economy. The country has the fifth busiest ports in the world and prides itself on being corruption-free. The GDP of Singapore was US\$314.9 billion in 2011. Singapore has a small land area and a highly educated population. This, combined with their lack of natural resources, means that they should continue to innovate and focus on knowledge-related activities to remain competitive. Their **RIE (Research, Innovation and Enterprise)** plans intend to establish Singapore as one of the most **research-intensive, innovative and entrepreneurial economies in the world**.

It is in this context that we are launching this first edition of **Nano Singapore 2021 conference and exhibition** as a unique platform that will bring annually together **leading scientists, researchers, engineers, practitioners, technology developers, industrials and policy makers**. It will offer them the opportunity to exchange information on their latest research progress and innovation, network, find new partners, understand the current state of the art in nanotechnology and discuss directions for future research within the **international nanotechnology community**.

By **welcoming worldwide contributions**, this new conference will give attendees a unique overview of the global research efforts in the area of nanoscience and nanotechnology and enrich the discussion and networking. **Nano Singapore 2021** includes:

- Plenary sessions / Oral and poster presentations sessions
- Focused sessions / workshops
- Industrial session
- International Exhibition
- Networking sessions
- Start-up competition session

The conference will cover a broad range of topics on current research in **Nanoscience and Nanotechnology** including (but not limited to):

- Advanced Nanomaterials
- Nanomaterials Fabrication and Tools
- Modelling and simulations at the nanoscale
- NanoMetrology/ Characterization at the nanoscale
- Graphene & 2D materials
- Nanoscale Electronics/NanoPhotonics
- Nanotech for Energy and Environment
- Nanotech in Life Sciences and Medicine
- Nanotechnology safety/ Nanotoxicity
- Nano Applications

## Event venue

The **Nano Singapore 2021 conference and exhibition** will be held at the **Suntec Singapore Convention & Exhibition Centre**, the World's Leading Meetings & Conference Centre, located at the heart of Asia's most integrated meetings, conventions and exhibitions hub.
